

Special Note from Siola

The following pages will give you courage and spiritual energy from our Heavenly Father as you read true stories of direct battle with the enemy. It is my desire to share with you practical ways the LORD Jesus has taught Armour and me to combat the enemy and win. These practical ways will help you become strong and victorious like Joshua. You will experience success over the enemy as he attempts to keep you from arriving at the anointed place God chose for you before the beginning of time.

As you read the scriptures and use the prayers provided to push the enemy out of the way, you will be delighted in fully experiencing the TOTAL FREEDOM the LORD Jesus makes available. This is not something new, it has always been in the Word of God, but Satan has strategically placed veils to blind spiritual eyes. He causes the body of Christ to set aside and ignore the vital mandate Jesus gave His

disciples and us as modern day disciples to continue this ministry.

Nothing has changed since the day Jesus passed the baton to his men to proceed with his teachings. The instructions to us are the same. God has not changed. Jesus has not changed. His Word has not changed.

It is our purpose to pass on the steps the Holy Spirit deposited with us. Maybe you have been in Christian circles and sensed something was not complete. Something was missing. The power was gone. You have been looking for a missing puzzle piece that will ignite your life.

God desires for you to experience the taste of conquering the enemy. The invisible spiritual forces in your life will disappear as freedom is found. The chains that have kept you bound will be broken and the bondage you have known will disappear, all in the name and the blood of Jesus.

Now the LORD is the Spirit, and where the Spirit of the LORD is, there is freedom. 1 Corinthians 3:17
